THE JUDGES - with their comments on the competition

Lesley Downie Photographer - M.Photog VI (AIPP), APP.L, M.Photog (NZIPP)

Thank you for having us judge today, it was quite amazing, absolutely outstanding quality of images, very versatile too, I enjoyed that. Great Nature images but also new things, new stories, creative. You could see people exploring new techniques. High standard, well done and congratulations to everyone who entered.

Francis Souter AIPP Photographer and owner of Francis Souter Photography

I thought the standard was very high and I saw some brilliant work particularly in the animal captures, the macro work was stunning. There was some very good concept work as well and the compositing, the narration and the post production work was of a high standard as well.

Tristram Evison AIPP Photographer and co-owner of Enigma Visions Photography

Very high standard of work, I think we could easily have gone two or three ways with the top 10 or 12 images. Good range, good diversity and overall a really high standard.
